THE LIMAPELA FOUNDATION

Quality education for Zambia based on Christian values

MONTHLY MAIL REPORT

October 2026

LIMAPELA HEAD TEACHER Ms MARVEL MUMVWENDE was recently involved in a serious motor accident in Kitwe. We were relieved to hear subsequently that her injuries were not too serious and that she had been discharged from hospital. However, it was an awful shock for her, and her vehicle appears to be beyond repair.

Teachers from both our schools, Limapela Cedric's and Luyando, met together for the International Teachers' Day on 5 October. It was good for them to pause from the relentless daily routines of teaching for celebration and sharing before the pressures of the Government Grades 7 and 9 exams start. January will be a significant month because that is when we will establish our first Grade 12 class at Limapela Cedric's. Primary enrolment has also increased this year, so all our classrooms will be in use.

The QuadroDesign Secondary Ablution facility at Limapela Cedric's is going ahead at full speed so that the donors can send a cameraman from Italy in mid-October for publicity purposes. The floor slab has been laid, the septic tanks are being constructed and the roof is about to be put on. Our thanks again to Enrico Magistro and to Paul Els, our project manager in Zambia. We anticipated that there would be some extra costs for this project — foundation, flooring materials, septic tanks and roofing sheets — so donations earmarked for these purposes will be most welcome.

Kelly Saviye is 14 years of age and is in Grade 4. Your monthly donation of NZ$ 35 (US$ 30 or £18) will cover his educational costs.

The Fee Sponsorship Programme is our 'bread and butter'. 248 pupils now have sponsors, out of a total of 500. Would you join the programme?

http://www.limapela.org/programmes/fee_sponsorship

We have also seen very pleasing progress on the Secondary Classroom building project. The ceilings are nearly all fitted, plastering has been done and we await the arrival of floor tiles being shipped by our suppliers, Daeta International, in Johannesburg. The building should be finished and in use by the beginning of the new school year in January. Limapela Administrator Margarita Kabwita works tirelessly to coordinate all these activities

Once again, our thanks to you all for your interest, prayers, support and fellowship.

Matthew and Alison Raymond
